

The Ancient Arab Legacy Uncovered

by R' Ben-Hayil and Dr. R' Hadassah Yellen

The investigation of the current modern translations of the Masoretic Text (Hebrew), Received Text (Yevanic) and the Peshitta Text (Aramaic) has revealed some serious fraud from the time of Constantine, the papal authority of the Roman Catholic Church through their canonization of the Sacred Scriptures. The repeated death decrees from the Papal Vatican pen regarding the efforts of any individual or organization that would take to task any 'unauthorized' edition demonstrates their rigid control over the matters of 'Holy Bibles.' The historical records and the Talmudic comments have made many references regarding the cruel persecutions of Rome and the Roman officers that pretended to study Torah only to make corruption of truth and produce a master counterfeit.

One consistent finding is that whenever the children of Abraham of the Arab community were mentioned in the original Sacred Scriptures, the historical translators chose to insert their bias of listing them as an unclean insect or animal (locust, raven, plagues). The one additional term that would also identify the children of Abraham of the Arab community is the term 'mixed multitude.' Another surprise finding is where the term 'path of peace' is or MSHLM would be written in the original text, the translators inserted the word 'traitor.' The huge difference of how translators chose the translation meaning was by scholarly bias instead of what the prophet(s) intended to convey of the messages of Almighty GOD. The passages of further textual altering regarding the Syrian Arab legacy that you should know of.... II Kings 6:25 in the modern translations tells of how the "Syrian or Samaritan Arabs are eating donkey heads for 4 pieces of silver and poop of doves for 5 silver pieces."

Modern translation: *"And there was a great famine in Samaria: and, behold, they besieged it, until an ass's head was sold for fourscore pieces of silver, and the fourth part of a cab of dove's dung for five pieces of silver."* 2Kings 6:25

Understanding there is a serious problem here, an investigation of the English translation such as 'cab' of the text. This not translated word "cab" means a "vessel". Of course a vessel would be covered up with a transliteration of the Hebrew word NOT TRANSLATED. We have found additional evidence of the cruel joke portrayed dishonoring the legacy of the Arabs throughout the Sacred Scriptures.

"There was a great hunger [for truth and for healing meals] in Samaria. The gathering together was for the witness of the first of the grape juice in a four portion vessel, because of the Passover, and the fourth part of the vessel of oil with banquet juice for the caution of Moses because of the Passover basin vessel." 2Kings 6:25 direct translation

Explanation of the text:

The reference of 4 part portion is the official recipe of the delicious unleavened bread of the Passover week. The 4 part grape juice and the 4 part oil is the part that goes with the Ten handfuls of grain to make the ancient recipe of the unleavened show-bread.

King Ben-Hadad:

What about the Syrian King Ben-Hadad? This phrase together means in Hebrew according to the scholar Dr. M. Jastrow (1915), "*the King was among them of the sons that like each other!*" This is a Syrian gathering of sons that are participating in the ancient healing "Abraham meal" also known as the "Peter" ceremony. This cover-up of the original story within the text demonstrates the Roman agenda. The reality of the established 'caution of Moses' for the surrounding Arab nations to participate fully in the Passover meal that focuses on JUST the unleavened bread recipe protocols is astounding.

Sarah:

Did the patriarch Abraham lie about his wife in Egypt? The Hebrew letters of the Torah text state a different story revealing that Abraham's wife was very busy as 'a healer to those that were sick while they visited in the land of disease.' This is a one example of many stories that has been purposefully slanted to put a blot on the honor of Abraham (PBUH).

Hagar:

A little known fact of his mother, a princess daughter of Pharaoh initially named '*HaGar*' meaning 'The Convert' in Hebrew, is that her name was Keturah, where she bore an additional 6 sons for Abraham. The term 'slave girl' in regards to Hagar, the Hebrew word indicates 'one who decreased in haughtiness' or 'one who dug in investigation' implying a searcher for truth of faith.' This woman 'HaGar' or *The Convert* serves as the model of all those that would be on the path of conversion to serve the true GOD, as the historical record is that the Almighty GOD spoke to this woman directly! She received direct instructions and the beauty of the significance of her Hebrew name "Keturah" meaning 'perfume' indicating that she persevered in following Abraham's path and was fruitful in giving birth of many more sons.

Ishmael:

One very widely quoted disparaging text is of the so called "curse of Ishmael." In our investigation, the historic translation bias was harmful and has brought needless pain to many people through the corrupted text. The promise to Ishmael and his descendants was a never ending perpetual Covenant blessing (Genesis 17:19-20). Was the prophecy to be that Ishmael would be a 'wild man with contention and strife' as his trait? The international bankers aka: Roman Catholic Church cartel has widely spread this profile to the modern world as 'terrorists' are all of the descendants of Ishmael. The communities of faith preaching **WRONGLY** that the Ishmael nations would be terrorists has added further psychological damage to every generation that has overheard the preachers tell them that they are 'wild bastards.' The damage of ecclesia telling these lies has brought forth a generation of people acting as they were told to act in a well planned evil agenda aimed against the children of Abraham worldwide.

The story in Genesis 16:12 in re-translation correctly as the text states reveals a wonderful story of promise! The term 'wild ass' becomes properly translated in context as "*one bearing fruit or being fruitful of the ground that his hand harvests of the stems of*

www.faithfulcovenantfoundation.org

these quality fruits” indicating through context of ***the liberality of the table of Ishmael*** and his descendants. The name Ishmael means ‘*He is a listener or hearer of El (Aleph Lamed),*’ indicating a close relationship with the Creator. Another take on the word, his name also declares the *ONENESS of EL (Aleph Lamed),*, the foundation of the ‘*Shema*’ of ‘*Hear (Israel) healthy believers in EL (Aleph Lamed), the LORD thy GOD is ONE, the King of the entire world. And you shall love the LORD thy GOD with all thy heart with all thy soul and love thy neighbor as thyself.*” **Historically the Arab community has offered liberality in hospitality and did indeed provide for the prophet Elijah as part of this very prophecy!**

Health Instructions of the Prophet Moses (PBUH):

The consistent findings of the investigative scholarly research of the Yellens’ has identified that a medical treatise was covered up. How many lives have been harmed by the corruptions decreed by the Roman Catholic Church in their ownership of the largest pharmaceutical and hospital cartel in the world? The Roman Catholic Church owns the Bank of America and finances most all hospitals. The Roman Catholic Church has a vested interest in the pharmaceutical industries worldwide.

Yet, people of faith are completely ignorant of the real story and are suffering in their ignorance. Islamic messages have been largely ignored by the West because of the reputations of terrorism. What are the solutions in correcting the perceptions of those around us? The name that the prophet Moses (PBUH) wrote identifying the patriarch Abraham was a ‘*Ibri*’ or Hebrew. Hebrew means the ‘*passing over or stepping out*’ movement. The term itself is an action word. The identity can lessen the immediate rejection of presentation of facts to the Christian and the Jewish communities of faith.

Missionary Zeal:

The misunderstanding of terms in the Sacred Scripture text has led to names misapplied to nations and to peoples. Many will quote ‘*All Israel will be saved.*’ What does “*saved*” mean? The Injil and as well, the Torah describes this as ‘*being restored to health.*’ This is different than most Christian people who would declare in their missionary zeal ‘*Repent and be baptized and be saved!*’ The original intent is, ‘*return to being a Hebrew, be immersed and clean and be healthy!*’ Who and what is the Hebrew term for the name ‘*Israel?*’ The direct translation means ‘*EL’s (Aleph Lamed), healthy believers.*’ May the truth of health instructions from Torah to the Injil be made available to the sick world without any further delay. It is time to restore the blessings for all of Abraham’s children without discrimination or racial prejudices.

Begotten Son Dilemma:

The modern translations of the New Testament have particular areas that have typically offended most readers with such phrases of a ‘*begotten son*’ and the Trinity doctrine in close investigation, has revealed a very interesting pattern. The historic ‘*authorized translation*’ approved by the Papal authorities have the voice of GOD telling ‘*This is my begotten son*’ yet even with the stretch of the imagination, the Peshitta Text tells a different story. For example in Matthew 3:17, Luke 9:35 and Mark 1:11, the Peshitta

Faithful Covenant

Text states in translation the following “*witness of how an immersion in a bath for cleanliness is part of a health program*”:

“...To take effect it is precious to get well.” Mattiyahu 3:17

“...To take effect it is precious to get well” Levkan 9:35

“...Thou it is precious to get well” Mark 1:11

The Aramaic term ‘*Beri*’ has the grammar marks of health ‘*getting well*’ meaning which is not the similar word ‘*Bar*’ that can be stretched in meaning for ‘*son*’. The historical ‘*dark ages*’ of where the European world was in bondage of Roman Catholic Church control “*where bathing was feared caused many people filthy within their own bodies to die of plagues*”. The communities of faith that bathed frequently were spared these devastating diseases. The entire topics of the texts above concerning the topic of ‘*baptism*’ were the instructions of an immersion ablution ceremony as instructed by the prophet Moses (PBUH).

Temptation in the Wilderness:

The disturbing ‘*record*’ of historical facts that immediately after this immersion, there was a time of being ‘*Jesus being tempted by Satan*’ and being in the wilderness 40 days to be ministered by angels. The investigation of the facts recorded in the Peshitta Text documents tells a different story in Markus 1:12-13:

“And from a place to be glad, having branches of prophetic inspiration unto the words of the wilderness (Torah). And it came to pass in those wilderness words the compartment of the Holy of holies light of day Arab wellspring stone-vessel from its lifting up the manna sign at an enemy Satan. And My covenant relationship exists for a gathering of livelihood (for religious study) and requiring a double examine (in order to prevent deception for the bride and groom) he who to her is a royal messenger teacher.”

Hidden Stone-Vessel of Manna:

The manna that the Injil declares is ‘*hidden in a white stone-vessel*’ with a name no one knows except he that receives it’ has a multiple meaning. The term manna means not only food that is lawful, but also how food is harvested and planted according to the first sliver of the month cycle. This is the authentic ‘*new moon*’ witness contrary to the current confusion promoted within Judaism and Roman Catholicism’s calendars. The name no one knows except he that has the white stone-vessel, we have declared is the signature of the prophet Moses. This artist and scholar signature of the Master Moses (PBUH) also is confirmed by the 7 signs of the authentic Elijah from the ancient Messiah and Elijah texts. The instructions of the prophet Moses that raising up a cedar-wood cross shaped in the Paleo-Hebrew letter and inserted into the mouth of the vessel in the ceremony of cleansing of the infected land is the crushing of the serpent Satan thus verifying the ancient ceremony of the ‘*stoning of Satan*’ through the 49 stripes of this ancient white-stone. This is the ‘*sword of Lod*’ showing the sword with the blood dipped

of the one time ceremony of pierced blood of ceremonially clean ceremonial blood used by the high priest Aaron for the cleansing of the land.

The Arrival of Imam Mahdi

The final royal messenger teacher is Imam Mahdi, the Elijah messenger that satisfies the entire prophetic profile. The prophet Malachi made the decree that has not yet been satisfied that the final Elijah messenger that would come at the time of the great apostasy would instruct '*Remember Moses and the health instructions, laws and judgments.*' The lack of the Divine law has led to lawlessness and the breakdown of health.

Conclusion:

The prophecy given to the sons of Abraham, the princes of Arabia with their covenant blessings shall now be to loudly proclaim the truth of the Torah and Injil to the world as the ultimate peace message to heal the world starting first with the our families. Invitations to sponsors of the Project Moses translation effort that restores the original message is with Faithful Covenant Foundation. Let's all start the ultimate peace project now.
