

Casting Sacred Truth to Ecclesiastical Mythical Dogs

R'Ben-Hayil and Dr. R'Hadassah Yellen

The question was raised recently to these scholars by an Imam or teacher of Islam regarding the apparent callousness recorded in the New Testament modern translations. The specific issue where the story is given of Jesus stating his mission was to *'the lost sheep of Israel'* and that *'children's bread is to be cast to dogs.'* The investigation regarding this story of conflict between races and using a specific Semitic cultural slur and offense "to cast the bread to dogs" revealed a significant alteration pattern of translations that has been documented within this ongoing research. There were no dogs in the original unless one would borrow the same sounding word from another Semitic language. The evidence reveals that ancient scholars did indeed choose to disregard the Hebrew-Aramaic original intent of a beautiful message and purposefully keep a racial slur within the text of the modern Bible. Why would this occur? There remain death penalties from the Vatican against those that would translate the 'Bible' into a version other than what the Roman Catholic Church's Papal Pontiff decrees.

The topic of the investigation is entitled: "The faith of a Gentile (pagan) woman" which is in all modern translations of the Bible in Matthew 15:22-28. The disciples saying *'Send her away for she cries for us'* continues to demonstrate a smug racial prejudice and callousness that the translator authors aimed to portray in their mythical story. The segment of *'grievously vexed with a devil'* and *'her daughter that was made whole from that very hour'* is invoking the readers' compassion that mercy is given within this mythical story. The *'falling crumbs of a Master's table'* of myth is a Roman Catholic agenda that maintains that only the priests are authorized to do exorcisms with the Mass wafer 'crumbs.'

The Hebrew-Aramaic word spelled out sounding like 'Canaanite' did not fit the construction of the sentence. The ongoing research pattern of these historical alterations of translations indicates that a proper noun was chosen over the meaning. By translation authorities ignoring the proper meaning of *'c-n-aanita'* the reader is in ignorance just as the word indicates: *'like to be in poverty of the law, in ignorance.'* A message that the Roman church had clearly understood was that the readers of every generation should never be able to understand their agenda that was condemned in the ancient text. The reader can chose to remain in ignorance not wanting to know or make a determined effort to be informed.

The Jesus of Roman Catholic Myth is not found in the re-translations of the Aramaic Peshitta Text of the *'Injil'* which is a preserved history of the New Testament by an Arab community that no longer speaks this so called 'dead language of Aramaic.' This author when interviewing Syrian Orthodox priests regarding the translation authority was told "We accept the final Church position regarding what we have read." This raises many questions: How does one determine who is telling the truth or not? How can a translator discover the correct message? It was when the LORD GOD raised up prophets that the expose' of translation corruption was made. **Only a prophet can truly translate the message of a prophet.** In addition, with verifiable textual evidence published in centuries

past of the Peshitta Text of the New Testament, the appointed evidence in hand of what these ancient messages state confirms the royal Elijah messenger sent of Almighty GOD.

Casting the sacred truth to the dogs is an apostate ecclesiastical evidence of the traditional theological academies ‘trampling of truth.’ A VERY different story emerges from these segments of *forgotten knowledge* of ancient sacred truth.

Direct translation of the Aramaic Peshitta Text Mattiyahu 15:22-28:

Aramaic Peshitta Text	King James Version
Vs. 22: “And this compartment is likened to be poverty from dominion the son carries forth a vessel inscription, and speaking shown mercy to come up, My instrument hollowed out of David vessel. Vs. 27: “Oh! A judicial decision stated: ‘Yes indeed, My Master an angel with an axe in a loud cry vessel, from the partition of Orion from a vessel. Their bitterness future health.”	And she said, Truth, Lord: yet the dogs eat of the crumbs which fall from their masters' table.
Vs. 27: “Oh! A judicial decision stated: ‘Yes indeed, My Master an Angel administering justice with an axe in a loud cry vessel, from the Holy of holies partition (constellation) of Orion from a manna vessel. Their bitterness is to their rebellious sons’ future health.”

Behold here are the right hands; Because whatever it may be dipping, as how of service My complete essence. And those leading astray, and a mean-woman from you: Behold it is an appointed hour time.”	Then Jesus answered and said unto her, O woman, great is thy faith: be it unto thee even as thou wilt. And her daughter was made whole from that very hour.
Vs. 28: “Behold a judicial decision, saying to it Yahshuah: ‘Neither Holy of holies are of substance regarding (a position) of an Academy of current scholarship. Behold here are the right hands; because whatever it may be dipping into and moistening as how of service in inheritance of choice is My complete essence. And regarding those leading astray (and) enticing are a mean-woman withholding (truth) from you: Behold it is an appointed hour time.”	

The historical record hidden within the ancient Hebrew-Aramaic Peshitta Text regarding the constellation of Orion from manna dish vessel is interpreted brought an immediate recognition to these scholars. Over a year ago the constellation was identified embedded within the etched ancient bronze-age purification vessel in the region of Paleo-Hebrew

writings of a Masterpiece of art. The constellation is brilliantly designed and placed after the warning declaration of the artist and scholar Moses: “Edom-idolatrous image is destroyed by (this) brittle stone vessel.” The ancient Hebrews identified ‘Edom’ as the Harlot of idolatrous Roman worship (modern Roman Catholicism) now managed by the children of Esau, who rejected the Covenant of worship by enforcing their confusion upon innocent people world wide.

The region of the axe depicted upon this vessel of the Holy of holies in examination is an additional evidence of purposeful tampering of the Sacred Scriptures to hide their agenda and deceive millions in the past nearly two millennia. The full weight of this entire message was in two areas where the comment is made of a people of Arabs being lost and deceived from the house of identified as ‘Yisril.’ This word **‘Yisril’ is not spelled as the traditional spelling thus indicating something else intended in its message. The etymology reveals a message of “he who is a spoiled rotten rebellious son posing in his prison as a shepherd.”

The scholars specify in the ‘Beloved to be shown mercy in verse 22 refers specifically to the sons of Yitzach and Ishmael. There were two historical academics in the period of time of Rome’s dominion over the ancient Judah during the so called New Testament period and the topic of the passage of question is dealing with worship restored in proper kneeling such as the patriarchs kneeled and partaking of the unleavened bread meal of the Messiah dipped into pure grape juice. These two topics remain the items of common disregard among the ecclesiastical powers that control the academy of theology world wide thus furthering the reigning rebellious son’s (i.e. Pontiff) future impact upon world health. The expression of ‘mean woman’ indicates a symbolic expression of a church body where the rebellious son ruling Pontiff truly remains strictly withholding the original intent of the healing messages of the Sacred Scriptures.

Behold it is the appointed Heaven sent hour and time of restoring the correct view that has been **purposefully withheld** from all of the sons of Abraham. The restoration of proper worship in kneeling and partaking of the ‘healing meal’ of the Messiah is urgently needed. The individual that is referred to in this ancient passage “he who is a spoiled rotten rebellion son posing in his prison as a shepherd” remains a man of the office of the inquisition where he sits on the seat of Satan. The full weight of this entire prison house of worship ruled by this rebellious son that rules with an iron leg world wide pressuring the world-wide economical system, pressuring the world-wide medical systems, pressuring the world-wide spiritual community of faith that he and only he is their leader and shepherd. According to the judgment given in the historical record, the angel administering justice will use a loud cry vessel axe. A people of Arabia being purposefully deceived by this Roman house posing on the seat of satan are to be shown mercy. This message from the Peshitta Text’s *Mattiyahu* 15 reveals the prophet Issa Al Masih (PBUH) clearly declaring a choice of one’s inheritance of Abraham to dip the healing covenant meal of unleavened bread into the unfermented grape juice or to join the mean woman (a symbol of Roman Catholicism) in her wicked enticing of alcoholic wine which leads people astray by her idolatrous practices.

The conclusion: The symbolic building of a house of worship to polish spiritual stones by individuals partaking in the healing meal is also the ancient understanding of the sacred action of the axe of the sanctuary that establishes peace and does NOT shed blood. The loud cry vessel of the compartment of the Holy of holies of the Ark of the Covenant is a Heaven sent sign of the last royal appointed messenger to this world. The last generation's royal son of the House of David does indeed have his sacred vessel with the authority that is Heaven sent to set the houses of worship in order with righteous judgment.

A big move to close by civil action demonstrating through hostile lawsuit actions to enforce a closure of a House of Worship established by these scholars along with all of the unpublished documents of translation of the writings of the prophets is an urgent appeal for emergency assistance. A theft of a private house of worship of these scholars and the corporate destruction has a paper trail of evidence that corrupt ecclesia that know their evil agenda to fully intend to destroy this research and further steal the Ark of the Covenant. The exclusive theft of a second private house of worship has continued by the same evil pattern to keep this research from the public. The first assault destroyed our House of Worship and the second assault taking our corporate name and website attempting to destroy the free sharing of this research, and the latest third assault that forced a closure of the House of Worship. This latest action is where infidels have retained private corporation ministry equipment, legal documents and the yet unpublished research of the spectacular Hebrew Gardening Methods, Hebrew Architectural Methods, Hebrew Medical Methods, the Project Moses Retranslation and the Royal College of Hebrew Education program. To release this research to the public we must have sponsorship to make our research available to all people.

We invite your prayerful participation for immediate urgent assistance to protest where infidels have destroyed our House of Worship.

Please contact us regarding where to send letters of protest to the infidels.
