

### **The Hanukkah Inauguration of the Cohen Gadol**

What about Hanukkah? What is the truth? Did you know that Hanukkah season is not just a party of gifts and candles? To grasp the concepts given in this document, initiate the appointed knowledge regarding Hanukkah's meaning that declares that there is a special Cohen Gadol with the Holy Grail that will restore all things "Remembering Moses and the statutes, judgments and commands." The Hanukkah is when the anointed royal priest, prophet and prince comes on the sighting of the sliver of Rosh Chodesh with the sacrifices already prepared on the altar of the stone vessel of the Exodus with the Kiddush covenant meal and the vessel of purification for the necessary cleansing of the Temple mount? The word Hanukkah means the coming out of the Cohen Gadol, the royal messenger inauguration an event that historically was celebrated for 7 days, during Hanukkah yearly. Such a shame that the Sanhedrin representative impatiently and rudely cursed instead of investigating that the royal messenger Eliyahu HaKohen, a blue blood of the Davidic dynasty. The fulfillment of the prophets reveals that the Cohen Gadol is also the coming Hazrat Mahdi, the righteous instructor of an alcohol free covenant meal for the Hanif believers of true Shalom. There is a tragic loss of celebration on Hanukkah in its true sense when those in power ignore the evidence that the world is waiting for; a foretold messenger, a royal Cohen Gadol satisfying enormous detailed prophetic descriptions.

The religious duties for this season of Hanukkah is to train, to polish, to prepare for office, to dedicate. One might say dedicate with WHAT? The long awaited Cohen Gadol is coming forth with the vessel of manna, the Holy Grail, the red heifer vessel, the relic of the patriarchs. The sign of Elijah coming forth is on Hanukkah on time for the cleansing of the Temple Mount on the 6<sup>th</sup> day of the week within the 6<sup>th</sup> millennium. The royal messenger has the key, the stone key for the wedding celebration of the bride Israel to her Creator.

The prophets give us a clear literal picture of the end of days and they explain the exact things that are playing out in front of our eyes. Yet Jewish, Christian and Islamic scholars and leaders from all denominations introduce allegory and wishful notions of fantasy to explain everything but the truth. The false prophets, weak leaders and evil ones also are clearly pointed out in the prophecies. To the truth seekers – read, reinvestigate the translations and study the prophets, for the Day of the Lord is not far off.

The Romans and the Caesars have outlawed the Hebrew faith for quite some time. Let us consider that since the Roman church is a cover for the ancient Greek/Roman philosophy of spiritualism, that that corrupt ecclesia has done far more damage than you think. The original New Testament was written in *Yevanic*, a Judeo-Greek dialect of ancient Aramaic. The writings of the prophet Moses declare who would be the end time curse would be, the dishonorable scholars of Edom-Rome. The Aramaic Peshitta Text declares CLEARLY who the end-time evil that Satan will use – EDOM ROME. Where are the Edom-Rome infiltrates? Those issuing Fatwas and carrying out the Islamic fanaticism are using the same infiltrators from pagan Edom-Rome. The illiterate among the Muslims take every word that they are taught by these infiltrates and carry out blindly the idolatrous instructions. This evil pattern was prophesied in the sages writings documented below. Yet, the prophets have indeed written very detailed signs.

Readers, consider that our Heavenly Father has a great interest in all of his children. Currently the enemies of true faith are busy causing disruptions among all of the cousins. The deliverance of the

LORD is with HIS SIGN, Elijah. Christians know that Elijah is to come. Judaism knows the SEVEN SIGNS will be with the coming royal king of the Arabs, their Eliyahu. Muslims know the coming righteous royal messenger arrives with the Tabut of Moses and Aaron. According to Judaism, the Arabs will accept in full peace the SIGN of the royal Eliyahu messenger with the signature of Moses.

Israel as a nation has the FACTS yet forgotten, in Hebrew-Aramaic written by Pereq. R. Yoshiyahu, BhM 6:115 which was previously translated in the most hateful untruthful version. The retranslated of this document from the Elijah and Messiah Texts document has a wonderful message! The sages have stated that Elijah comes to bring them evidence that they are thirsty for the truth (discovery of a famine of knowledge) because truth has been unawares removed from them. The sages place the blame fully upon Edom-Rome's pagan priests that have caused chaos towards all healthy believers of GOD.

The main point that the Sages emphasize in the writing is that ALL OF US HAVE BEEN TAINTED by Edom-Rome's dishonest perversions. The ecumenical bible of Constantine has been forced upon us since 325CE. The Islamic Hadith and Quran have also been forced similarly by this ecumenical decree. The family of Abraham to come to recognize that the written Arabic of the Quran and Hadith has been translated to them by the same evil tongues of Edom-Rome that tainted the versions of the Bible will require courage. When there has been a brave scholar to question traditional translations, there is a death decree. The coming Royal messenger has signs, will people listen to truth?

The converts to a politically correct message of Hanukkah should understand that the vessel of Moses and Aaron was received from the white garmented red mantled senior prophet Elijah on Hanukkah of 1987. The voice of the BAT KOL spoke out of heaven to two Hebrew Hanif believers, declaring that the special wrapped in red mantle vessel was "Purification Vessel, Formed by the LORD, Painted by Moses, Used by Aaron, and Over 3,300 years." The scientific, the scholarly and historical evidence has confirmed every aspect.

Those of the religious communities that are mature are invited upon this season of Hanukkah to recognize the garmented red mantle of the sages, an Elijah that would bring the family of Abraham back together. This movement of "gathering the family of Abraham together" has been repeatedly commanded since 1987.
