

**It is Time for the One-Eyed Evil to be Fully Exposed!
The Serious Matter of Correct Interpretation:**

Wrong choices of translations that create vicious religious conflicts

The zeal of religious groups to champion one cause or another is sometimes measured by accomplishing great and measurable improvements to their communities and to the regions around them. Some religious groups accomplish in vicious zeal destructive acts and resultant mistrust from the communities around them perhaps thus also increasing their zeal of perceived persecution. The prophet Moses (PBUH) wrote the guidelines of “Listen! To be healthy, one must be loving the LORD our Almighty GOD with all of our hearts, with all of our souls and with all of our hearts”¹ and also to “love our neighbor as ourselves.”² An insightful author made an insightful commentary within the article “The Quran I hate, the One I Love” which is published online at “*Jewcy*.”³ He wrote about whoever controls the translations controls the masses and brought up segments of translation choices that conflict with the standard translation. This man’s gut feeling is absolutely correct as the research below will demonstrate to readers. The published work of any translator that picks carelessly not conveying the original intent of the message of the original document is why the rightly-guided-messenger role is so important. The prophets are best translated by a prophet! Tragically, the wrong meanings within religious documents have been the elements that brought many people to mistrust among communities of faith leading to highly volatile emotions of hatred, discord, and have led to needless brutal religious wars.

That all of the prophets will agree, we suggest the following study. The authors invite your thoughts to communicate about what this means. A child of Abraham is historically identified in the original Sacred Scriptures as a Hebrew of Hebrew faith. With this in mind, when a pagan reads the Hebrew’s Holy Scriptures, they will see a pagan story of their own imagination. The pagan mythology desires to see betrayal, tragedy, murder, lust, and long standing unresolved family feuds. When a Hebrew reads the Hebrew Holy Scriptures, it will be with a balanced investigation regarding understanding the words of Almighty GOD. Within that reading, the Hebrew will seek further knowledge asking many questions such as its instructions and its warnings of forsaking idolatry. The pagan and the Hebrew will conclude with two different versions using the same text yet giving two different conclusions because the pagan uses the pagan definition of words that sound like the pagan phrases yet words that are dramatically different than the Hebrew understanding. An example of a word commonly used for a restaurant item “Burrito” in the USA is a tortilla wrapped bean paste with salsa whereas in southern Mexico, “Burrito” is a small burro or donkey. The food was named such as the Hebrew “Yehudi” who fled riding quickly away from these Roman Catholic Inquisitors on the small burro; thus the name origin of the world’s earliest fast food now called a “burrito.”

The prophets often wrote messages that would reveal what would be occurring in the latter days of earth’s history. A kingdom that historically has been formidable and dreadful in its cruelty towards mankind and towards the animal kingdoms is Rome. This

organizational government according to the prophets is a religion and a state power that is profane and unholy. The prophet Daniel declared that this idolatrous image, an organization would break the nations with her crushing action, the pulverized powders⁴ implying her pharmaceutical drug cartel and making small its thin linen papers⁵ indicating economic distresses. The paper dollar is a linen paper note of monetary exchange with the Federal Reserve System, a private Roman organization. In case one needs more proof of this identification of a broken system, the Aramaic letters are also related to a specific bird that describes the ancient Roman symbol, an organization with an obsession with pornography.⁶ The widely photographed Vatican has myriads of artistic paintings and sculptures of naked images thus further confirming the words that were given by the prophet as true. The prophet Daniel declared the interpretation to the King of the nation at the time of the story that is examined in this document for the last days. Likewise, the Kings of the nations today must understand the seriousness of the matter of the interpretation.

The modern believer must choose whether they are in the camp of Edom-Rome where the practices of sun deity worship, sorcery-drugs, alcohol and lawlessness (failure to follow the law) continue or choose to stand up and be with the Hebrew believers observing the Healing Instructions, forsaking the unclean, the alcohol, the drugs, the false worship to be actively practicing and sharing of the Creator's plan for mankind. The Creator's plan is simplicity of medical outreach work according to the original Health laws of Moses sadly mostly covered up in millennia long misunderstandings. The prophet Daniel declares the solutions for mankind to be healed in their return to the Creator's original plan within the same root letters used for exposing the evil drug cartel and economic system. The healing of the human body that has been contaminated by the crushing economic burden of the drug cartel is through the castor bean!⁷ The relatively low cost of this most valuable healing plant's oil will further aid the individual in their household budget.

How does one know the truth from the Sacred Scriptures? The prophets emphasized that line upon line and precept upon precept must confirm the entire message. The masses that would gather together to fight against the unholy and profane system that is crushing them economically and placing them in bondage to their false healing system of pharmaceuticals must understand what is truth. The importance of understanding the certainty of truth is to know where one is standing. Are the words of 'loving ones neighbor as ones self' being upheld? With this clarified, let us proceed to the next level.

The word widely used for a certain segment of society is now analyzed. The considerate and law abiding individuals of Hebrew faith that were obliging to the Arab community of faiths historically were not identified as 'Jew.' This is a new term "Jew" or Jewish" coming in to use during the middle ages.⁸ Yet the Jewish influence or control is widely associated with the traits of intoxication and inebriation. These negative traits have

triggered a disdain from many for those individuals that should have listened to their prophet Moses; a prophet who condemned fermented wine and alcohol. The sages of Judaism write a word in Aramaic that is similar to how one would pronounce ‘Jew’ and they declare that this was a disguised word for cursing, an epithet of idolatry, a presumably familiar pronounced Z-E-U-S idolatry.⁹ The misunderstandings between communities of faith will hopefully be resolved with the investigation set forth in this document.

When analyzing the word now commonly designated in the Arabic community for the Judaic community of faith, pronounced “*Yehudi*” we set out to look at the root of the Arabic found within the Holy Quran. It was noted that in the Holy Quran 2:113 does indeed have it written as we have it اليهود ‘Yahuud’ as widely expressed today. The Quran translation by author Ahmed Ali followed the different word هادوا pronounced ‘hadua’ that he chose to translate as ‘Jews,’ a term most likely following what he had been taught. I looked at the root of this word هادوا ‘Hadua’ in question. The curses of Almighty GOD are important to understand in order to avoid becoming partaker of those problems. The search for the root word confirmed that the curses would never come upon the هادي ‘hadi’ or هادو ‘hadu’ peaceful and calm¹⁰ or even the ‘Mahdi’ meaning rightly guided one.¹¹ These authors looked to confirm that the root of this word ‘hadua’ was something else, that this word was actually a two word phrase describing a specific historically cursed organization.

After working in Arabia (UAE) as a health professional for many years, there was one word that was repeated, “*Dua*” – prescription drugs of course. Worldwide the most devastating problems come into a community with the drug mafia and as well, the prescription drug side effects and deaths. From the pen of the prophet Moses (PBUH) warning of strong drink such as alcoholic wine to cause these inebriates to be ‘cut off’ cursed to die¹² and of King Solomon warning that those that drink alcohol are bitten by the serpent¹³ and to the warnings of prophet Issa AlMasih (PBUH), the users of pharmaceuticals are warned that they will not enter Heaven.¹⁴ Is the word ‘hadua’ that has the fullest curses of الله Almighty GOD related to the ‘*dua*?’

Many have documented the havoc that the drug cartel has created around the world in bringing crime and anarchy. Historically according to the sages of Judaism, the comments are documented within the published ancient Talmudic studies of the Torah; examples are: “Those evil Roman officers who study Torah to twist it.”¹⁵ The historical connection of the Roman Empire and altering the text of the Sacred Scriptures is well documented with the eventual decree of Emperor Constantine to outlaw all translations authorizing only his ecumenical Bible by the Roman Empire Canon law in 325CE. ones who control the drugs of the nation along with those that control the money of a nation are closely connected with the ones that control the religion of the nation. The suggestion of this author is that misunderstandings of the Arabic word هادوا pronounced 'HaDua' now has a good translation that confirms the message of all of the prophets: هادوا You there! With the inkwell¹⁶ a drug cartel, diseased.¹⁷ There is a historical twisting of the ink writing indicating translations, there is a drug cartel and the multitudes of diseased people are increasing.

If in case this is not initially convincing, let us look at what the other prophets said to confirm the sin of the drug cartel. The Hebrew concept about the drug cartel is that this cursed trait was the sin of witchcraft and sorcery. What this uncovers is the worst sin, the taking of a drug, an altering substance with side-effects that many times destroys a human being. The Received Text of Judeo-Greek uses a specific word for sorcery and witchcraft.¹⁸ It is the word *pharmakeia*. This is taken from the root word which lists that it is the same as magician or sorcerer.¹⁹ They list this word and its root meaning as a spell giving potion, magic, medication, pharmacy, a druggist, pharmacist, and poison!²⁰ The connection of drug use and idolatry is important to remember. The prophet Samuel declared: "For rebellion is the sin of witchcraft and stubbornness is as iniquity and idolatry. Because thou hast rejected the word of the Lord, He has also rejected thee from being king."²¹ The New Testament confirms that those practicing witchcraft shall not inherit the Kingdom of GOD.²² These strongest warning words are confirmed with the New Testament *Received Text* book of Revelation for those excluded are those sorcerers, whoremongers, murderers, and idolaters, those loving and making up lies.²³ The word for sorcery here is again *pharmakeia* indicating the word most widely used today for the drug industry.

What did the prophet Daniel state about this subject of who controls the drug cartel? The vision given in the book of Daniel has the image of idolatry²⁴ where the world's wealth is sitting atop a specific location of 'lower leg'²⁵ (it does not state in the original text LEGS, it has a LEG singular). The wealth of gold, the silver, the copper are sitting atop the iron leg. The prophet Daniel identified the location of the unholy Roman Empire, an organization that has occupied Italy, the landmark of the leg at the location of this lower leg at the anatomical knee location. According to published Vatican documents 'Encyclicals' and correlating canon laws, the Pontiff is the owner of most of the world's wealth through its ownership of the international banks, the ownership of the world's pharmaceutical industries thus also the hospitals and has openly declared to be the only

religious leader of all religions.²⁶ The prophet Daniel wrote the vision of Heaven sent judgment to this image of idolatry.²⁷ The key to understanding regarding this image of idolatry is the description given to the toes. The Hebrew-Aramaic word chosen for this clay חסר is clay of counterfeit healing because it is clay that means according to etymology rules, a clay that expresses purpose to expose; take away its (false) cover.²⁸ This word for clay חסר is that it is idolatry and shame, a common clay and easily broken.²⁹ This is an excellent description of the pharmaceutical industry ‘powders.’ The clay of this particular clay is described as impure thoughts and heathen impurity, sensuality and lust.³⁰ The prophet Daniel describes that this clay does not mix with the iron from the leg. What is the iron?

The Hebrew-Aramaic word used for iron פרוזל in this passage is an iron that specifically means iron chains to twist and iron tools (causing) struggle.³¹ This word also means a worthless bull³² and also savage and cruel³³ where the sages specifically are referring to an organization that they identify is Edom-Rome.³⁴ Further description of this word is ‘to despise and treat lightly, to neglect specific religious observances and specifically have disregard for money matters (according to the laws of Moses).³⁵ This is a very important imagery for the reader to understand. The iron and clay do not mix in the toes of this image of idolatry. The toes are chains of iron surrounding and binding up the impure, those offering false healing through its false clay of powdered pharmaceutical pills. The imagery that is within this message is of those that have neglected and despised the covenant worship of the patriarchs. The sages identify this organization as Edom-Rome.

The prophet Daniel declares that this image of idolatry that is set up will be destroyed and there is a physical sign sent from Heaven indicating to the readers a time appointed for when this will occur. There is a special stone-vessel that, according to the prophet, is sent from Heaven to destroy this image of idolatry. The Divine method that the stone-vessel destroys this image is a key factor in being able to interpret the vision correctly. The vessel strikes only at the feet but subsequently, the whole image is crushed and swept away. The striking of the feet is the timing of the Messiah to exercise His divine right to rule His kingdom and the removal of human forms of corrupt governments. Right now most governments in the entire world are breaking under the tremendous financial burden of the pharmaceutical industry drug cartel that has put their citizens into addictions and bondage of subsequently further deteriorating health.

What is the historic patriarchal stone-vessel that the prophets wrote about? According to Modern Hebrew dictionary sources, the first New Testaments were identified as ‘*Aven Habeshoor*’ meaning “The Good-News Stone-Vessel.” Something has happened as most of the Christian world has neither a single clue what this meant historically nor what this phrase means today. The good news of the stone-vessel that all of the prophets wrote about is its healing message. This ancient stone-vessel, according to the scholars that have read its Paleo-Hebrew message, declares by the hand of the prophet Moses (PBUH) that Edom-Rome-Harlot-Idolatry would be destroyed by the Sanctuary ‘Aven’ stone vessel.

Today there are those that teach this prophecy of Daniel identifying themselves as “Adventists” which is a transliteration of the Hebrew עֵד אֶבֶן ‘Adven’ which means a “Stone-Vessel³⁶ Witness.”³⁷ Historically this group of people has been staunch health reformers with a woman visionary that declared on numerous occasions that she was shown that “Drugs are seeds of death”³⁸ to the human body. This visionary in the later 1800’s affirmed the instructions that she was shown by Divine guidance: “Thousands who are afflicted might recover their health if, instead of depending upon the drugstore for their life, they would discard all drugs...”³⁹ She confirms: “Experimenting in drugs is a very expensive business. Paralysis of the brain and tongue is often the result and the victims die an unnatural death...”⁴⁰ She emphasized what she was shown by Divine order: “Drug medication is to be discarded”⁴¹ and taught that the “people should become intelligent in the treatment of sickness without the aid of poisonous drugs.”⁴² The visionary of the Seventh-day Adventist movement warned strongly that “It is the boast of Rome that she never changes”⁴³ and wrote a best-seller book called The Great Controversy confirming how Satan would use corrupt leaders to bring specific changes according to the Roman Catholic Church agenda within the American government of the United States.⁴⁴ The Papal declaration of “The Keys of this Blood” in the early 1990’s was concerned about its positioning for Global Supremacy. Would the money market, the pharmaceutical and religious power changes be able to bring the nations under the Papal government? What do the prophets’ state?

The accurate understanding of هادوا ‘hadua’ and the curses of *Allah* listed within the Holy Quran are upon the idolatrous Roman Catholic Church. This is where the Roman Catholic Church has aimed their educational system to offer the education that will not depict them in a poor light. It has been stated that when there were libraries that contained books that put the Roman Catholic Church in an opinion contrary to the Vatican protocol, these libraries were burned down or the books disappeared. Translators that produced the Sacred Scriptures in any version different than the Roman Catholic

Imprimatur versions were martyred. Within the last 80 years, the leaders of most of the Muslim nations have attended schools and Universities operated by the Roman Catholic Church and have learned to read the Holy Quran by the Roman system of education. Could this drug and money cartel, the religious inkwell scribes that have altered the meanings of the translations to fit their world view of despising the covenants of the patriarchs, actually correctly teach anyone to read the Sacred Scriptures? What is the answer to this crisis?

A Hebrew method of learning is to learn the entire foundation of a word and its etymology rules to make sure that the final translation is conveyed accurately to the reader. The Jesuit-Roman system is a system of rote memory, a non-bending rule of memorization instead of learning how to arrive at the proper answer. It is through learning how to arrive at the answer instead of just memorization of an answer that has enabled so many to excel to the highest academia in the various fields of science and education. Over the years the Jesuit-Roman learning system has effectively destroyed religious freedom of conscience to emblazon its form of disrespect for the Covenants while increasing religious and racial intolerance. This is not new, the prophets asked many years ago, “Have we not all one Father? Hath not one GOD created us? Why do we deal treacherously every man against his brother, by profaning the Covenant of our fathers?”⁴⁵

Every nation in the world has drug-lord mafia concerns. The wars in the Middle East are said by many to be a war over who controls the opium.⁴⁶ The religious pharmaceutical system has also tainted the food industry promoting its strong drink of fermented wine and liquor yielding destroyed minds and lives all in the name of religious observance. The use of alcohol in a religious observance remains directly contrary to the original Sacred Scriptures and the warnings of all of the prophets. Correctly all of the prophets warned about this religious drug cartel.

The religious, monetary and pharmaceutical mafia has its international agenda fully active. One prime example of world-wide panic of a created Pandemic is the swine and bird flu. The bottom line is that those who despise the Covenant instructions of the prophets to eat, touch and drink the unclean will be plagued with the scripturally designated unclean disease. If people would have listened to the prophet Moses (PBUH) warning of the dangers of unclean birds and swine, the diseases incidence would be very limited. Yet, the people continue to state that they live in “grace” and do not have to obey the nature laws of the Sacred Scriptures. How many people have died needlessly because their religious teachers taught them ignorantly in error?

The news media reports that the pharmaceutical system has made a huge sale of nearly 500 billion dollars of experimental, NOT PROVEN, vaccines to be dispersed during a devastated depressed economy within the United States. This government rescue is the recent Obama Presidential Emergency vaccine program.⁴⁷ What about vaccines? The

history of vaccines is credited to a former Jesuit priest named Edward Jenner (1749-1823) with his poisoned needle.⁴⁸ The revealed details of this so called “Vatican medical inquisition” with its philosophy of vaccination were that this medical experiment was created for spiritualistic purposes. Jenner imagined the insertion of a worthless bull into a human body creating a term he called “*Vacca (bull) cine*” literally meaning bull-sin. The world-wide hype of an experimental vaccine blend of monkey, pig, human and indeed that repeating golden-bull-calf sin using purulent matter along with more pig gelatin and of course drugs of choice experiment has permanently damaged many innocent infants and many ignorant adults that believed the vaccine lie. Many qualified health professionals are loudly warning many people regarding the dangers of this evil pharmaceutical religious agenda.⁴⁹ The internet has documented the names and affiliations of the leaders of these vaccine manufacturers and the governmental health department leaders charging that the evidence reveals that these individuals that are pushing the vaccine experiments are all documented members of secret society orders.⁵⁰ Indeed, the religious drug cartel has pushed the pharmaceuticals worldwide for the profits while painting a picture of humanitarian purposes. Many licensed and credible medical doctors are warning that many more losses of lives will be due to drug errors and side effects of this (their opinion) wrongly called international emergency.

The pharmaceutical cartel and its international health care systems makes money profits through the stock exchange and is symbolized by this ‘worthless bull’ an infamous symbol of the NYSE. The location of investment money placed on this ‘bull’ is supposed to be a lucky choice yet repeats the infamous “Golden Calf” of the wilderness experience of the Exodus. Could it be that the prophet Moses (PBUH) heard the ancient children of Israel loudly setting up the stock exchange of the new camping venture of wilderness living? The Edom-Rome Vatican is highly involved in this old international money game. The governments and secret society cartel of the ‘One Eyed’ evil one are all in cooperation and make sure that their symbols are identifiable worldwide. The war cartel makes its profits off the racial divides it creates within its religious confusion. The sales of arms and military equipment will continue to increase to nations that go to war against each other BECAUSE of the Vatican’s educational system which alters the prophet’s intended original meaning.

The one eyed art that is displayed on the Federal Reserve Notes of the dollar is a hint for the organization behind its thin linen paper. The one eyed art is most prominently displayed in the organization that created the broth for the H1N1 vaccine. This organization used an aborted fetus and chose to use only ONE EYE for its culture. This is important to note that this organization advertises its alleged benefits for children by slick advertising using a child with only a left eye shown. What message is the one-left-eye Crucell company’s organization sending to the worldwide community? Is their religious practice showing in their logo? Indeed, the evidence indicates such as the documentation indicates that they took much care in creating a ‘witches brew’ of toxins to plague mankind with a bioterrorism needle all in the name of a vaccine. ingredients of this widely touted as helpful vaccine includes the proteins of the aborted fetus's one eye, several unclean animals or fowls and especially the pig. The prophets condemn the abomination of taking an unclean substance into the body. The prophets condemned animal slaughter declaring that a flesh diet was never part of the writings of the Exodus!⁵¹ The prophet Isaiah declares that "He that kills an ox is as if he murdered a man, he that sacrifices a lamb is as he cut off a dogs neck; he that offers these oblations is as if he offered swine's blood...all abominations."⁵² How did animal slaughter industry take such a hold in the world? The historical record is that this occurred by the religious practices of Edom-Rome that had forsaken the covenant of a Hebrew.

Most might say that they avoid pork and avoid violating the laws of the Sacred Scriptures. Yet the communities of faith are blindly submitting to the drug cartel's media frenzy that has caused a paralyzing fear of many to forsake caution and submit to the witchcraft *Pharmakia* of the one-eyed spiritualism's brew of cruelly murdered dogs, pigs, lambs, cows, and of course not to forget the tissues of the one eye of a tiny human murdered for this vaccine ritual. Those that touch any dead animal tissue are according to the prophets 'unclean' or doing what is 'forbidden to them.' The unclean laws explain the human body being put into darkness versus the clean laws explaining the human body being lit up. This is alluded to in the following: "If your eye be evil, thy whole body is full of darkness..."⁵³ The One-Eyed evil system has been around for a very long time. The vaccines of this evil system of the One-Eye has brought much darkness as the unclean substances injected into the human body cause its electrical currents to be darkened and thus set the course of disease vulnerability.

The prophets declared that the ancient religious cartel of Edom-Rome is also called "*Amalek* and this trait is cursed forever."⁵⁴ The sages have commented WHY this could be so. The legendary Rabbi Akiva that was cruelly murdered by a Roman soldier because of his refusal to embrace idolatry, wrote: Edom is Esau.⁵⁵ The Bible confirms this "Esau is Edom."⁵⁶ The cursed wandering (perishing) forever *Amalek*⁵⁷ is a descendant of Esau.⁵⁸ This man was a son of a concubine Timna, not a proper wife.⁵⁹ The sages describe the meaning of this Hebrew word reveals the interpretation: "wicked work man priest." The etymology study reveals the shape of the letters giving the full intent of the meaning. The Hebrew word מלק 'malek' in this spelling is removing the head for profane purposes⁶⁰ and practicing animal cruelty.⁶¹ The Hebrew letter ׀ pronounced 'ain' making the 'A' sound for the name Amalek has an eye symbol upon a bent leg indicating

having no common sense regarding his shortcomings.⁶² The symbol widely used by the Esau-Amalek-Rome descendants is the one eyed image such as on the Federal Reserve Notes. According to the Hebrew sages, the evil Esau-Edom was blessed with wealth and success in this world while his twin brother Jacob was to inherit the Shalom of the World to come.⁶³ The bent foot of the letter ‘ain’ indicates that this seemingly unbounded power of Edom-Rome must eventually bend its knee⁶⁴ in proper worship to the Creator.

The curse that falls upon the *האדוא* ‘Hadua’ or the Edom-Rome Drug cartel and its altered Bibles according to the Hebrew understanding is a bitter curse⁶⁵ *ארר* ‘Arar.’ This curse is when one “isolates from the Creator to bring their own ruin and be weakened internally by their own actions.”⁶⁶ These Edom-Rome leaders have despised the instructions of the Creator as given by the hand writing of the prophet Moses (PBUH). Because of their actions to despise the original instructions, these men of Edom-Rome use their idolatrous walking stick of serpents and having this crutch, are also according to this Hebrew word, the flesh cartel of the gentile animal slaughter houses.⁶⁷ The vaccine industry is fully a pharmaceutical system that is focused upon cruel and needless animal slaughter. According to the sages of Judaism, this system of false worship led by the *Ideomaeans* or Esau descendants, had taken over the ancient Herodian Temple.

According to the Hebrew- Aramaic name *הרד* ‘Herod’ meaning The Rebel,⁶⁸ the house of worship he built would be suspect of idolatry. The Esau-Edom-Rome cartel had indeed taken over this ancient house of worship offering perversion within its artistic design within the ceiling and walls of the ancient Temple. The sages of Judaism hint regarding the perverted peep show style tours that Herod had placed into what eventually became according to the prophets, a house of prostitution. The Herodian Temple had its barbeque festivities featuring cruel murders of animals calling it a sacrificial slaughter. Yet, this animal killing was a practice that every prophet had loudly warned against.⁶⁹ The word of the Sacred Scriptures compared the barbeque practices as if they had been offering swine and fully idolatrous in their worship.⁷⁰ The word of the Sacred Scriptures states that animal sacrifices were NOT part of the Exodus wilderness experience.⁷¹ According to the Hebrew witnesses of this ancient time period, there were severe illnesses of each of those ancient barbeque-specialist Edom priests after each day getting off duty (from eating all of the animal flesh) along with the awful stench and the flies attracted to this decaying animal blood.⁷² The complete destruction of the ancient Herodian temple was a good

riddance to this ancient apostate Edom-Esau-Rome that historians document was a religion that delighted in animal cruelty and as well human cruelty.

With the historical background of this curse upon a specific religious-drug cartel which practices animal cruelty, the reader can then understand the power struggle that occurs over a specific land now identifying itself as 'Israel.' The importance of what must be understood at this point is the pronunciation of the writing of the Hebrew letters ישראל which should be pronounced 'Ishraal' yet most people pronounce it 'Isril.' The writings of the New Testament in the Peshitta Text identify a specific spelling of what is presumed for a Hebrew term, Israel. The spelling is distinctly different than the traditional Hebrew. The spelling יסרייל is pronounced 'Isril' which no dictionary defines in this pattern of written letters anywhere. So, because of this, the study of what the writers meant is important. The Peshitta Text of the New Testament indicates that this is the self-centered man sitting upon his own throne within a chained prison. With this description in mind, we proceed.

According to the Vatican, the Papal organization owns 60% of the land of this particular location that is spelled Israel and yet how they pronounce 'Isril.' The Papal visitations to this ancient land of the prophets are with their 'claim' to be the rightful owners of this ancient land that the ancient Caesars named Palestine. The name that Rome chose makes it a Roman territory and this matter has been completely forgotten or ignored by the individuals claiming their lands are Palestine. Tragically, by their accepting the ancient Edom-Rome title of land named Palestine, it makes them subjects to the unholy Roman Empire.

The Holy Quran القرآن would be a name immediately recognizable to a Hebrew speaking Aramaic for how this word is pronounced, 'Quran or Koran' as an Aramaic term means "roundness, fullness, essence"⁷³ and "to join, fullness, strength, the capital of reward or punishment laid aside for the hereafter."⁷⁴ There is a play on words for this word as it sounds also means in a warning rebuke, as "the Anger of the LORD"⁷⁵ and "a station for proclaiming the New Moon properly upon witnesses of the sliver moon."⁷⁶ The Hebrew meaning for how the Arabic word Quran sounds is an important horn (sounding) a symbol of strength indicating the raising up an individual ruler of the Davidic line⁷⁷ where scholars identify that these are interrelated with the Arabic word also meaning marriage, to join forces and to unite.⁷⁸ With the intent of the prophets all agreeing, there is a *Hazrat Mahdi* that is the final Elijah messenger coming from the Quraish and Davidic royal bloodline of the prophets that declares the proper New Moon harvest sliver for each month and warns the infidels of the Anger of the LORD against those that rebel against His laws. The fullness of the time has come!

The prophet Joel documents that a sign of the last days is that the Spirit of Almighty GOD will be poured out upon all people where there will be manifestations of truth in visions, dreams and prophetic messages. The movements that are springing up around the world are of individuals testifying their entire devotion to the Creator, earnestly desiring to return to the writings of the prophets and seek their Hebrew faith. One might ask what about the previous mentioning of the Adventists? There is a documented event where an Imam in Australia has vividly received three visions of Heavenly origin where he has been instructed that the Seventh-day Adventist are the remnant people keeping the proper Sabbath of rest and properly teach the Daniel vision.⁷⁹ Entire mosques in several continents are studying the writings of the visionary Ellen Gould Harmon White and especially the book, *The Illustrated Great Controversy* and learning about the evils of the Edom-Roman cartel and its one eyed agenda and the Heavenly plan of the vegetarian diet.

What is the conclusion of all of this? Somebody knows something and has purposefully altered SOME of the intent of the original messages of the prophets. The original writings are preserved, the way it is understood has not always been the best. The most hotly debated and highly emotional controversial texts sparking religious wars were part of the evil agenda that the children of Abraham were warned about yet did not understand the warnings. As Edom-Rome has previously demonstrated its evil altering, the prophets can indeed all agree. STOP the ugly curses towards an innocent people group and start praying earnestly for the souls of those caught in the chains of the selfish prison Vatican! The only battle a believer should make is to wield the “sword” of the WORD, stating “**I have studied it out, I know the message and I love you enough to tell you the truth.**” The final royal messenger *Hazrat Mahdi* has come blessed with the relics of the prophet Moses (PBUH) and high priest Aaron (PBUH). It is time for the families to learn to get along without any further delay because to fulfill the royal law is to love thy neighbor as thyself.⁸⁰ The only way to love truly is to ask Almighty GOD for His love to love those that are unlovable. The only way to correct the distorted Edom-Rome inkwells is to stop spreading their lies and start the re-translation work that the Royal Mandate has appealed. The only way to stop the cartel-mafias is to stop buying into their lies. Is the reader ready for the Heaven sent rescue? That all of the prophets agree, the lie is now exposed. This knowledge now equips the reader to properly battle with quoting the truth and using it wisely. Our prayers are that this study has been a blessing. Because the prophet declared that the House of Almighty GOD shall be a house of prayer for ALL PEOPLE, it is time to start communicating about the issues and make appropriate improvements. With the conclusions, all readers can effectively stop the war-mongering and stop giving their money to the hungry Edom-Rome religious drug cartel organization.

Let there be peace for all people unconditionally by the implementation of the healing protocols of the Sacred Scriptures! By communities of faith using the clean protocols (diet, garments, lifestyle) to be fully lit up with a healthy light, these individuals will be blessed and never cursed. Let the curses of the Sacred Scriptures alert individuals to

return to their Heaven sent blessings; and subsequently that these individuals be alert to the now exposed institutions of the forever cursed One-Eyed.
